PRIDE WITHIN THE LEATHER COMMUNITY

by Marcus-Jay
Wonacott

Sitting in front of my TV, watching the Inaugural Ceremony, I couldn't help but wonder if I would be part of history unfolding. For months, we endured political speeches, campaign promises and a mass of rhetoric from individuals as competitive as "two bulldogs fighting in a burlap bag". The media, with their "lop-sided" coverage and candidate analysis, left me ill-at-ease, fearing four more years of little or no action in OUR struggle for the rights of the human being. Then, suddenly, appears a woman with amazing presence and she begins to speak to me with a message. A message I have been waiting to hear for a very long time. As a Leatherman, these were words with which I could identify. I am, of course, speaking of Maya Angelou. With her wisdom and directness, I wonder why she isn't a presidential candidate? I have had the opportunity to read her poem again and find myself challenged by the message. I am compelled to crawl out from the "leather-coated" rock I've been living beneath, inspired to stand proud with my gay sisters and brothers in Leather.

Tough Customers
Real men with real needs!

80

As a highly spiritual (and non-religious) man, I am proud of who we are, Leatherfolk, endeavoring to live in this prejudiced world of today. More than ever, I see us standing together in acceptance of each other's diverse individuality for the common goal, the right to be HUMAN.

I have included Ms. Angelou's poem to give you the opportunity to hear what the message is for you. Something great? Nothing at all? Your choice. More than ever, the challenge of our humanity continues to face all proud men and women of Leather. You can count on my presence, visually and vocally. You can count on my interest in the needs of the leather communities across our country. I am proud of you -- as I am proud of myself.

ON THE PULSE OF MORNING

Maya Angelou's Inaugural Poem
January 20, 1993

A Rock, A River, A Tree
Hosts to species long since departed,
Marked the mastodon.
The dinosaur, who left dry tokens
Of their sojourn here
On our planet floor,
Any broad alarm of their hastening doom
Is lost in the gloom of dust and ages.

But today, the Rock cries out to us, clearly, forcefully,
Come, you may stand upon my
Back and face your distant destiny,
But seek no haven in my shadow
I will give you no hiding place down here.

You, created only a little lower than
The angels, have crouched too long in
The bruising darkness,
Have lain too long
Face down in ignorance
Your mouths spilling words

Armed for slaughter.
The Rock cries out to us today, you stand on me,
But do not hide your face.

Across the wall of the world,
A River sings a beautiful song,
It says, come rest here by my side.
Each of you a bordered country,
Delicate and strangely made proud,
Yet thrusting perpetually under siege
Your armed struggles for profit
Have left collars of waste upon
My shore, currents of debris upon my breast.

Yet, today I call you to my riverside,
If you will study war no more. Come,
Clad in peace and I will sing the songs
The Creator gave to me when I and the
Tree and the Rock were one.
Before cynicism was a bloody sear across your
Brow and when you yet knew you still
Knew nothing.
The River sings and sings on.

There is a true yearning to respond to
The singing River and the wise Rock.
So say the Asian, the Hispanic, the Jew
The African, the Native American, the Sioux,
The Catholic, the Muslim, the French, the Greek
The Irish, the Rabbi, the Priest, the Sheikh,
The Gay, the Straight, the Preacher,
The privileged, the homeless, the Teacher.
They all hear
The speaking of the Tree.

They hear the first and last of every Tree
Speak to humankind today. Come to me, here beside the River.
Plant yourself beside me, here beside the River.

Each of you, descendent of some passed
On traveller, has been paid for.
You, who gave me my first name, you
Pawnee, Apache, Seneca, you
Cherokee Nation, who rested with me, then
Forced on bloody feet, left me to the employment of
Other seekers--desperate for gain,
Starving for gold.
You, the Turk, the Arab, the Swede, The German, The Eskimo, the Scot,
The Ashanti, the Yoruba, the Kru, bought
Sold, stolen, arriving on a nightmare
Praying for a dream.
Here, root yourselves beside me.
I am that Tree planted by the River,
Which will not be moved
I, the Rock, I the River, I the Tree

I am yours—your Passages have been paid
Lift up your faces, you have a piercing need
For this bright morning dawning for you.
History, despite its wrenching pain,
Cannot be unlived, but if faced
With courage, need not be lived again.

Lift up your eyes upon
This day breaking for you.
Give birth again
To the dream.

Women, children, men,
Take it into the palms of your hands.
Mold it into the shape of your most
Private need. Sculpt it into
The image of your most public self.
Lift up your hearts
Each new hour holds new chances
For new beginnings.
Do not be wedded forever
To fear, yoked eternally
To brutishness.

The horizon leans forward,
Offering you space to place new steps of change.
Here, on the pulse of this fine day
You may have the courage
To look up and out and upon me, the
Rock, the River, the Tree, your country.
No less to Midas than the mendicant.
No less to you now than the mastodon then.

Here on the pulse of this new day
You may have the grace to look up and out
And into your sister's eyes, and into
Your brothers face, your country
And say simply
Very simply
With hope
Good morning.

CAUTION

Every decision a person makes, including the decision to get out of bed in the morning, has some degree of risk associated with it. We strongly believe that each competent adult must set for themselves the level of risk he or she is willing to accept. Some avoid crossing streets in heavy traffic—others stunt-ride motorcycles without a helmet. However, to intelligently confront and accept risk, a person *must* understand the dangers. While *Drummer* hopes to educate its readers on a wide variety of topics, its main purpose is to entertain! Works of fiction presented in this magazine are just that—fiction! They are not in any way intended to suggest or describe activities that anyone should—or often could—actually do. They are meant for entertainment only. In other than fictional pieces, we will emphasize safe sex with respect to contagious diseases, and safe and sane behavior with respect to all activities, and will try to point out all activities which deviate from recognized safe-sex and safe-and-sane play activities. However, Desmodus, Inc., its officers and stockholders, the editors and staff of *Drummer*, columnists, authors, artists and other contributors to this publication and other organs of Desmodus, Inc., cannot be held responsible for accidents, injuries or other or improper application of information imparted or ideas generated by materials in *Drummer*, or from Desmodus, Inc. products.

CROSS ROADS

WHERE LEATHERMEN MEET

By placing an ad in this section, a bar or other business is telling you that they welcome Leathermen.

By accepting their ad, *Drummer* is telling you that the bar has been recommended by a Leather/SM club or a recognized individual in the community as a good place to meet and socialize with other Leathermen. In larger cities, these will be *the* leather bars; in other areas, they will be the more general purpose bars where Leathermen do go to socialize.

Help us to alert *Drummer* readers and travelers to the *right* place to go to meet Leathermen in your part of the world. Send us your recommendations and talk to the right bar owners and managers about placing one of these low-priced ads. If you see a business listed here that you think shouldn't be, let us know about that, too.

PANTHEON OF LEATHER AWARDS 1993

The days have definitely moved quickly toward The Leather Journal's "Pantheon of Leather Awards" extravaganza! The Parliament House in Orlando, Florida, March 5-7, 1993, will be brimming over with men and women of the "leather persuasion", all in attendance to honor outstanding individuals, clubs, businesses and non-profit organizations for their contributions to support and/or further the leather community. Highlight of the weekend will be the naming of Man and Woman of the Year. In total, 184 nominations have been made and are currently being voted on by experienced and committed individuals within the leather community.

In addition, another popular event will be Luke Owen's "International Masters and Slaves Contest". Contestants from all over the states have been sought to participate. To enter, contestants must be in teams of two or more and may be gay men, lesbian women, heterosexual, or bisexual, but must be in a committed Master and slave relationship. If you want more information, write Luke Owens, P.O. Box 291598, Los Angeles, CA 90029 or call The Leather Journal at (213) 656-5073 Monday-Friday, 9-5. This Pantheon should prove to be the best one yet!

KINKY ART SLIDE SHOW SEEKING ARTISTS

In conjunction with the SM/Leather/Fetish Conference at the March on Washington this April, the Kinky Art Slide Show will be running. Coordinators of this showcase are encouraging all interested artists to submit slides of their artwork. To enter:

- Send up to 8 slides of artwork, any media, tagged with your name, title and year.
- Include a Title slide or information for a Title slide (your name and a sentence about your work). They will make it for you.
- An optional item is a one-page resume or artists statement to be collected in a book and available during show hours.
- An entry fee per artist is \$5-\$7. Please send more if you can because this helps this contingent meet expenses of the conference. Make checks payable to "SM/L/F Contingent".
- The deadline is April 1, 1993.

Space permitting, all slides will be shown and then will be donated to the Leather Archives. If you choose not to donate your slides and want them back, include a SASE with "Return Slides"

written in the bottom left corner. Mail to: Ryan, P.O. Box 32732, Kansas City, MO 64111. This show will be a great way to encourage new artists to show their work. Get the word out!

NAMES PROJECT APPOINTS ANTHONY TURNERY NEW EXECUTIVE DIRECTOR

On January 7, 1993, the NAMES Project Board of Directors announced the selection of Anthony Turney to the top post of Executive Director for this foundation, formed in 1987, which raises funds for the awareness about AIDS and HIV, primarily through worldwide displays of the giant AIDS Memorial Quilt. A nationwide search conducted by Korn/Ferry International found Mr. Turney with over 20 years experience directing non-profit organizations. He is a former Deputy Chairman of the National Endowment for the Arts (1979-87), Administrative Director for the San Francisco Opera (1987-89) and Executive Director for the Dance Theatre of Harlem (1989-91).

"Anthony Turney is the skillful, strong and caring individual needed to continue the vital mission of the NAMES Project at this important crossroads in the AIDS pandemic," said Board President Geoffrey Woolley. "Because of the NAMES Project's highly-visible role in the field of AIDS awareness, we looked beyond the necessity for someone with proven talent in administration to the need for someone who could help lead a movement toward further education, understanding and compassion regarding AIDS issues."

Comprised of more than 22,000 three-by-six-foot fabric panels, each a handmade tribute to an individual who has died from AIDS, the Quilt has been called the world's largest work of folk art. The Quilt has become the world's most visible, respected, and recognized symbol of the human toll of AIDS. If you would like more information on the NAMES Project Foundation, call (415)863-5511 or write to 2362 Market Street, San Francisco, CA 94114.

MOTOR SPORTS CLUB MADRID

The formation of MSC Madrid took place in November, 1992, after a number of preliminary meetings by a group of committed leathersmen in Madrid. Many individuals on a number of continents have been asking why this city with a large gay community should be lacking in one of the major symbols of "machismo" and male bonding! This question has turned into reality. MSC Madrid is a social and leather club looking for interested members. To join, you must be introduced by two current members, but don't be put off. These guys are easy to spot and get to know while visiting in Madrid. Only 5000 pesetas to join and 1000 pesetas per month. Club meetings are every Saturday night at Club Troyans, calle Pelayo, 4, Madrid.

A leather-motorbike club is a new idea in Madrid and there is considerable confusion and doubt about what it means to other "Madrilenos". This group has to devote a lot of energy to convince skeptics the club is worthwhile and viable. At this delicate stage in the club's development, current members are seeking support, information from all those interested. Contact:

News of the new committee's plans and events for MSC Finland will be forthcoming.

A mixed SM club based in Helsinki called Kinky Club periodically plans dungeon parties with MSC Finland. Members from all over Finland join together exposing their expertise and experience with SM shows and various demos. Contact MSC Finland or Kinky Club for information at:

HOSPITAL AGREES TO REHIRE HIV-POSITIVE PHARMACIST

-Could Face Loss Of Federal Funding

On January 11, 1993, Westchester County Medical Center (WCMC) agreed to reinstate an HIV-positive pharmacist to unrestricted duties or face the loss of its federal funding and continued state court litigation by Lambda Legal Defense and Education Fund. This medical center's agreement to end its discrimination against the health care worker concluded the first federal HIV-related civil rights enforcement action, and sends a strong message to the nation that health care workers with HIV pose virtually no risk to patients. WCMC also agreed to adopt a written policy of nondiscrimination, provide training to employees, rehire the pharmacist with as much as \$150,000 in back pay and benefits and also pay \$30,000 plus interest in emotional damages from the discrimination, as well as all legal fees. The pharmacist, "John Doe" spent six years in this battle to win his job back. It was determined by the federal department of Health and Human Services that WCMC's

action violated the federal Rehabilitation Act, and ordered financial assistance of over \$107 million annually, be terminated. This is a victory that shows overwhelmingly that health care providers present virtually no risk to patients when using universal precautions in institutions following basic infection control procedures. The key to protecting against HIV transmission is cleaning up the workplace, not cleaning out the workers.

Celebrating its Twentieth Anniversary, Lambda Legal Defense and Education Fund is a national advocacy organization with offices in New York and Los Angeles, dedicated to protecting the legal and civil rights of lesbians, gay men, and people with HIV/AIDS, and to assuring good public policy on AIDS and health care.

They meet the fourth Saturday of each month starting at 8PM. Meetings and activities will take place at Ryan's Someplace Else, 410 Pearl St., Syracuse. On Saturday, March 27th will be "Construction Night". Come in your best flannel and show off those tools! Saturday, April 24th is "Basket Night". (Jock variety not the picnic type!) Free admission to all in theme attire or leather. Well drinks and domestic beer is just \$2. Do you have what it takes to be a Journeyman? Check it out!

CHESTS OF AMERICA UNITE!

CMA, Chest Men of America, announces a two day regional convention in Los Angeles on March 5 & 6, 1993. This will be the first West Coast gathering for this twelve-year-old organization of men who "appreciate" the male chest. Named the "Western Getaway", it is estimated that there will be over 500 "pec enthusiasts". Membership comes from all over the U.S. as well as eighteen countries worldwide. The conference will offer seminars, nipple enlarging exhibitions, a chest contest as well as a "think tank" for the purpose of bettering the organization. The conference culminates on Saturday night with a blow-out party for those in attendance featuring local entertainment. "INN PLACES" COVETS INSIDE TRACK

"Inn Places", the worldwide guide to gay and lesbian accommodations, is the winner of the first-ever award for gay guides given by the Gay & Lesbian Press Association. The press organization honored excellence in the gay guide genre for the first time this year by establishing the Outstanding Achievement Award for National/International Directories. Entries were submitted by publishers of gay guides in

both the U.S. and Europe.

The winner, "Inn Places", is an American-produced worldwide guide to gay and lesbian B&Bs, hotels, inns, RV and campsites. The guide is comprehensive but easy to read, with colorful descriptions and facts of interest regarding each inn. There is definitely an upscale look and feel to this guide which is the foundation to it's success. The 1993 issue is now on sale for \$14.95 in most bookstores as well as other gay and lesbian businesses.

If you "Good Neighbor Sams" have the itch (to travel, that is!), this guide will more than scratch the surface!

NIP CIRCUMCISION AT THE BUD

A new organization called NO HARM, the National Organization to Halt the Abuse and Routine Mutilation of Males, has broken social taboo by speaking out regarding men who feel victimized by routine infant circumcision. Organizers have received letters from men suffering physical, psychological, emotional as well as sexual complications resulting from their circumcision. Founder, Tim Hammond, remarks that "Circumcised men are denied, and in denial about, the sexual enhancement provided by foreskin." Many men have been left feeling angry, distrustful and resentful due to the fact that their genitals were altered at a time when they could not give their consent. This very issue might point towards the increase of foreskin restoration.

This direct-action group that is a hybrid between GLAAD and ACT UP, has undertaken several ambitious projects as part of it's "Men's Campaign Against Circumcision" to provide evidence to the medical community about the need to end routine infant circumcision. Data is currently being collected recording the feelings, thoughts and affects of men who have undergone a possibly "unnecessary" medical procedure. This preliminary statistical data will then be presented to the medical community as well as the media. For those who have concerns in this area, contact:

"GO TO HELL" ...

IN NEW YORK CITY'S

SM PLAY SPACES

text by
Bill Miranda-Salzman

photos by
Nestor Chaparro

"GO TO HELL"...,
"SEE YOU IN HELL"...,
or "MEET YOU IN HELL",

have become new buzz words for the SM/Leather/Fetish community in New York City. The infamous SM night spot **PADDLES/Zone DK**, is located on 21st Street and 11th Avenue in the Chelsea district of Manhattan, and has created a Hell Night that burns with erotic enjoyment. While the nights are long and very cold during winter's bliss, and New York's streets are lonely for lust, **PADDLES** is full to the top (and lots of bottoms) with hot men looking for a hot time in Hell!

Inside, after paying for your \$15.00 entry fee, you will notice yourself being drawn to make choices: Should I follow the path that leads upstairs, where you can have your clothes ripped off or peeled off by two or three, or possibly four men in the dark, while they grab your burning cock and put their lubed fingers up your waiting asshole; or should I go into the toilet and check out the glory hole action; or maybe walk along the wall to the bar inside for a drink.

Yet, there is more in New York and you need not go that far!

If you go down the street and to the left of **PADDLES**, there is the **SPIKE Bar**. The **SPIKE** long noted as an SM pick-up bar has again insisted on a dress code for those wishing to enter. Men in leather are the order of the day, and you will not be allowed in if you smell too pretty, or if you are wearing sneakers. The **SPIKE** still offers it's great Sunday brunch at a moderate price and good company. (continued on next page)

From the bar area, you can also see lots of people, playing with the club's tools of the SM trade. Also, if you're willing, you could have yourself strapped into The Wheel. Putting yourself in a spin, head over heels while your body is slowly touched, flogged or hot waxed either blind folded or not. The ever popular Saint Andrew's cross is always a willing host for you; or one of my personal favorites, the flogging posts, waiting for a willing consensual victim. There are also lots of dark corners and alleyways to hide and play in, including cages and a dog house for your pet or even yourself, if you're a good puppy. There is also a giant video screen playing SM party tapes throughout the night, while industrial music is heard in the background with a touch of innovative erotic SM sounds.

PADDLES has become so popular on Hell Night that their owner, Michael has offered special organizational party nights for the local SM/Leather/Fetish organizations in the New York area. **GMSMA**, **NLA: Metro New York**, **TES**, and **LSM** have all availed themselves to this great SM play space, which included **GMSMA's** 12th Anniversary Party Worship and **NLA's** "Celebration of the Phoenix" recruitment party and fundraiser for the March on Washington. With Uniform and Prime Meat nights scheduled for early 1993.

Down the street to the right of **PADDLES** is the long standing **EAGLE'S NEST**. The **EAGLE** is celebrating it's 23rd anniversary, and is always a willing host for New York's motorcycle or bondage clubs.

Up on both side streets of 21st and 22nd streets (during the warmer months) blow jobs from anonymous persons are always going on. A Safer-Sex-Street-Team has an open eye for it's "Cock & Ball Patrols", for better condom usage and reference materials. Team members are encouraged not to take pictures for later enjoyment.

While sitting home the other night switching the channels of my TV holding my thick cock in the other hand, I was looking for a TV fantasy to capture my imagination and masturbate. By accident or fate two people, Bill and Albert, were talking on some sleazy cable station about how they meet at the **VAULT**. The **VAULT** is also known as **CELLBLOCK 28** on Gay nights, located on 13th Street in the Greenwich Village meat district. Within a millisecond my eyes and ears perked up. That's one of my favorite play spaces. Bill covered in a shadow to protect his identity, was describing how he met Albert, his Master. Not long ago he had gone to the **VAULT** with his girlfriend/lover for a little play. During a scene with Bill, it was SM love at first whack. Bill's hands all over Albert's bare ass and tits made the pain of his bondage ropes feel like a quantum leap into submissive worship. Their description got me up and out the door.

The **VAULT** is a pansexual play space in where non-gay men and women, gays, lesbians, cross-dressers, etc. meet to exchange foreplay. Since 1985, New York City's Safe Sex Laws forbid the exchange of bodily fluids and the exposing of genitals in places where alcohol is served. Thus SM scenes are a staple diet of the **VAULT**'s private club decorum. On any Thursday, Friday, Saturday or Sunday you can pay your \$15.00 entry fee and begin to frolic into the land of whipping, bondage and hot wax, all of course, safe and consensual. Those who wish to just watch, or those who play are encouraged to check their clothes and enjoy the evening.

The **MINESHAFT** and the **ANVIL** are only memories for New York's "SMer" and raunch lovers, yet Wally Wallace, said doorman still provides yellow hanky nights at The **ATTIC** (which moves on a monthly basis to a different location); and for those who like to jerk-off in public places, "J" on 13th Street and 9th Avenue provides a safe and clean place. Also, starting Leather Nights is the **DUGOUT** bar on Christopher Street West, which had a very successful Slave Nite raising \$1300.00 for the March on Washington.

Yet the biggest wait of all is for the re-opening of the **PRISM**. Opening soon with a giant Dungeon and play spaces for 1500 people including safer sex supplies and information, and demo's on a weekly basis. The Mr. Northeast Drummer Contest is scheduled to be there for June's big Leather Pride Week as well as conference areas set aside for next year's International SM Conference in New York.

New York City may not be the SM/Leather/Fetish capital of the world but it certainly is near the top. New York has something for everyone, both in scene and fantasy. We have the added advantage of many private dungeon spaces in the outer boroughs of Brooklyn and Queens; and most importantly the support of organizations to help the newcomer as well as the experienced person into the scene. **GMSMA** is a leader in their workshops and lectures for Gay males; **NLA:Metro New York** offers weekly socials for pansexual people trying to make new contacts; **TES** the oldest of all SM organizations offers a full range of information and parties for their members; while **LSM** provides a safe haven with complete anonymity for lesbians into the scene.

So if you're interested in coming to New York to enjoy the scene just ask any person in Leather. They will lead you in the right direction, or just ask for Bill Miranda-Salzman,

—or just tell them you want to go to **HELL!**

DRUMMEDIA

by Joseph W. Bean

Cinema and still photography have had a strange—sometimes strained—relationship ever since pictures began to move. And each art form (terms used loosely) has had its own kind of strange relationship with sexuality, especially homo sexuality. Over the past decade, numerous books have explored the photography-sexuality thing, including its gay-artist and gay-subject angles. The same has been done for film (notably by the late Vito Russo). Now, a pair of books has come along which, in effect, recap the studies to date.

The Homoerotic Photograph: Male Images from Durieu/Delacroix to Mapplethorpe by Allen Ellenzweig and *The Lavender Cinema: The Gay and Lesbian Films, Their Stars, Makers, Characters & Critics* by Boze Hadleigh are both excellent books with the power to give even the most uninitiated reader a good grasp of the place of gays in photography and cinema respectively. Neither is perfect, but each does well what it promises to do.

"Homo-Photo" is more a critic's point of view than anything, with a leaning toward the academic variety of art criticism. Still, for all its lengthy and informed (yet nowhere near exhaustive) text, it will be best enjoyed and most treasured for its well presented collection of pictures.

Over 150 photos, selected, arranged, and captioned with unassailable insight, plus extensive notes and accurate mini-biographies make Ellenzweig's book an essential addition to any homo art library. The meticulous index makes it probably the most important reference book to date on its subject.

The text, although excellent, is the weakest area of the book. It teaches us something of the history we are examining,

but tells us as much between the lines as in the words, participating in the homophobia it abhors by timidity, then suddenly contributing to the no less uncomfortable (anti-homophobic?) habit of overstatement. The author

flirts with and describes the sexual content of the photography, then explains it flat, soft, and gray.

Suggestion: Enjoy *The Homoerotic Photograph* as art, captioned art, until it gets your curiosity up. Then read for answers. That will give the text the last smidgen of relevance it needs to excuse its weaknesses and allows it to soar.

"Lavender Screen," like any book on film, relies a great deal on still photography to underscore as well as illustrate its messages. In fact, 285 photos grace the 256 pages of this book. And, like "Homo-Photo" above, "Lavender Screen" is a coffee table book first and foremost, meaning that *reading* the book is less the point than perusing its images and captions. Unlike "Homo-Photo" however, this text is gossipy, gay, and sometimes even sexy... in a cheap, bar rag kind of way.

Hadleigh is a good writer, but definitely needs a more intrusive and active form of editing. This has been the true in his previous books—*Conversations with My Elders* and *The Vinyl Closet*—and is all the more obvious in "Lavender Screen." What Hadleigh does better in this book than in his earlier efforts is the selecting of subjects. Here, over 100 films are treated, and even if you can think of examples you'd have liked to see "the dirt on," no theme or trend or step in the evolution of gays in the cinema is ignored.

The world of homo-art is changing. A certain, limited, socially tested range of gay imagery is finding a place in the galleries and movie theatres. Even if your own sensibilities and tastes are still unrepresented by these books, you'll enjoy them. What's more, these books open the way for new break-throughs by summarizing and, in a sense, finalizing the phase of gay emergence in photography and film.

TOM OF FINLAND "AT HOME"

America—primarily in the person of Bob Mizer and through the auspices of his *Physique Pictorial*, gave Tom of Finland his first audience, his boost to stardom, and his greatest support. At the end though, in Tom's last years, he was celebrated and lionized in Europe, even in his native Finland.

It was again in America that Tom found security. His finances and his fame were anchored and given lasting roots with the formation of the Tom of Finland Foundation and the Tom of Finland Company, a non-profit corporation to protect the art and a retail business to produce income. And, yet again, it was in the USA that Tom's work was showcased in two remarkable retrospective books.

Beautiful and interesting as they are though, the American retrospective books don't capture Tom with the solid grasp and sure eye demonstrated in *Tom of Finland*, a new German-published book. Valentine Hooen's brief biography of Tom and Durk Dehner's essays on the Foundation and Company are presented in English, German, and French. The Words are fine, no-surprise narratives, but they almost disappear (as they should) next to the 127 dated examples of Tom's art. The images

Jacket photo from *The Homoerotic Photograph* by Allen Ellenzweig

here are so perfectly reproduced they seem *alive*. You even find yourself wondering if the originals could possibly be as beautiful and vivid as these book-page prints.

Each image is seen in this book in black and white or color depending exclusively on its original. Pencil works are printed in extremely fine-grained b&w with all the subtle shadings of Tom's masterful graphite technique. Works originally executed in colored pencil, crayon, gouache, and watercolor are shown in color, so carefully reproduced that we can examine not just the strokes, but the grain of the paper.

This is the pleasure-first addendum to the Tom of Finland Retrospectives. Sadly, at 9" x 11 3/4", this thin volume is both taller and wider than the USA books, so a single slip case for the three is slightly complicated. Keep them together anyway. Your Tom retrospective collection is not complete without this addition, published by Benedikt Taschen Editions.

MORE ON BOB JONES VIDEOS

Bob Jones keeps doing it faster and faster *and* better and better. This column can't possibly keep up. So, here is a slight suggestion based on something I like (okay, someone! I like) in Bob Jones Productions video, offered in the hope that you will be left a little better informed about what BJP stuff you might like as well.

The boys BJP puts on tape range from raunchy looking street punks (more in the earlier titles) to clean-cut muscle boys who are never overly polished and seldom unnecessarily shaved. My favorite is Phil Bradley. He's sweet but masculine, muscular but natural looking, hairy of chest and abs, and dark but oh-so innocent. You can see Phil in

A few examples of Tom's work from *Tom of Finland* published by Benedikt Taschen Editions

Write to/order from Bob Jones Productions, P. O. Box 9851, Washington, DC 20016, and remember to sign a statement saying you're old enough to know what you want, meaning over 21. BJP accepts Mastercard, Visa, and Discover by mail and phone (800-829-9708).

Other BJP options include six tapes made during the Timberfell Lodge weekend reported for *Drummer* #153 by Larry

Townsend. The tapes are good—not BJP's best, but very good—and they take on some added interest when seen as a set. The repetition of boys, the variation of roles, and the uncommon setting conspire to give the tapes a special feeling. The titles in the Timberfell Lodge (Tennessee) series are *Slave Auction*, *Bound Boys in Slave Hollow*, *Shaving Studs*, *Wet Feet*, *Interrogation in the Eastern Bloc*, and *More Guys in Bondage*. They sell for \$59 + shipping each, except that *Wet Feet* is listed for \$49 + shipping.

A hot scene from Rick Bolton's *Bondage Slaves*

Bondage Boy where he is topped by "a competition level body builder," Garrett. This tape is hot, mostly because the guys are hot and obviously turned on by each other. Phil and Garrett are also in *Tickling 101* which is (on the soundtrack anyway) as instructional as the title suggests. *Bondage Boy* is vanilla sex, *Tickling 101* has no sex, but both are deliciously satisfying tapes. And for Phil at his beautiful best, you'll want *Phil in Bondage* (BJP #262) which we are told records Phil's first bondage experience ever. One more: Phil and Garret can also be seen in *Bound, Bagged, and Gagged*.

My suggestion: Order a tape or two of Phil Bradley, then choose other Bob Jones titles from the order form and brochures you will get with you tape(s). All the videos mentioned above sell for \$59 each plus \$3 shipping for the first and \$1 shipping for each additional tape.

BOOT DREAMS ON VIDEO

Remember Sid Fuselier whose "Balls" tape was reviewed here recently? That was the one titled for the beating of the balls, but memorable for the inserting of impossibly sharp and large objects into the urethra. Well, Sid's back! The tape this time is called *Boot Dreams* and it will not have you squirming and screaming the way the very bloody balls tape did.

Boot Dreams

Boot Dreams is a very home-made product. It has enough plot to hold together, but nothing extraneous: A fairly hot Daddy-type goes to sleep after perusing a copy of the Men in Boots Contact Club newsletter. He dreams the rest of the tape in which he is let out of a locked box by a very hot, leather-clad hybrid of bike cop and Old Guard leatherman. He proceeds to service the leatherman's boots in every possible way, slurping up (supposed) piss from a dog bowl to replenish his saliva supply from time to time. The boots and other gear on the leatherman change abruptly from time to time--dreams are like that, I guess--and the Daddy-boy services whatever is put before him. He gets whacked a bit (not much, though) before he is put back in his locked box.

The Top plays with himself, toys with boots against his own codpiece, eventually comes on his own boots, and leaves on his bike. Then we see the Daddy-boy waking up from his dreams, surprised to find a lace-up boot in bed beside him.

Okay. It's not a lot, but it often looks good. So, let's put this one in the category of video wallpaper to be used at parties and other gatherings of two or more where no one is going to give too much attention to the screen. It's maybe a bit too hot for that, but hardly compelling enough to be watched seriously.

Boot Dreams is sold by mail at \$39.00 plus \$4.00 for shipping. Order from Fuselier, 7985 Santa Monica Blvd #109-180, West Hollywood, CA 90046. As usual, include the old-enough statement, signed.

The wrestling organizations that are being formed these days are serious athletic clubs dedicated to training in amateur freestyle/collegiate wrestling. Do not expect to join one of these clubs for the sole purpose of sexual release. They are not "sex clubs". However, what you will get for your membership dollars is a chance to learn a skill, get some strenuous exercise and an opportunity to socialize with other men.

You do not need to be experienced in the sport to participate. All that is needed is a desire to join in and a willingness to be trained; mastery is sure to follow. Skill levels span from novice to more advanced competition.

Because of the growing interest in wrestling, many of the local area organizations are now networking with each other in hopes of larger regional wrestling meets as well as possible international gatherings. The ultimate, of course, is preparation for and participation in the up-coming Gay Games.

CHAPTER THREE

Appetizing smells drew me through the living room—another large, airy, uncluttered space, though the drapes were still drawn—to the kitchen, where I found Terry watching three pans at once.

"Omelets in five minutes," he said without turning around as I came in. The L-shaped kitchen and dining area was as bright as the bedroom. Here, too, one wall was all glass. It looked out onto the same patio, but from the opposite side, and also had a set of sliding doors. The windows in the adjoining wall again looked out over the lawn. The furnishings and appliances were modern and efficient, yet not austere. It was a very cheery room, clearly the heart of the house. The roomy table was set for two, and classical music was playing.

"Go ahead and pour yourself some coffee if you want," Terry said. He flipped a switch on a panel near him and the music stopped. I had taken just a few sips from my cup when a timer pinged and he told me to get the muffins out of the oven and put them in the basket on the table. By the time I'd done so, he was folding sautéed vegetables and diced cheese into the omelets. A couple of minutes later we were facing each other over steaming plates of food.

"It's delicious," I told him after my first bites. "But if I eat all this, I'll be ready to go back to sleep."

"That can be arranged," he said with a grin. "I was going to ask you about that anyway. I've got work to do the rest of the day. Have you had enough close confinement for one visit, or would you like to spend the afternoon in the cell downstairs? I can give you your own clothes back after brunch and drive you to a subway stop, or I can lock you up and drive you home this evening."

It didn't take me a moment to decide. "That's the best offer I've had in ages," I said, "or at least since last night! I'd love to go on being your prisoner. Sure beats going home and doing laundry."

"You're not going to get off that eas-

ily," he said, smiling. He seemed pleased at my decision. "I'll expect you to earn your keep, and you can start by cleaning up the kitchen when we finish."

"That's more than fair," I said between bites of the superb omelet.

For the rest of the meal we talked easily, with him asking most of the questions. He wanted to know how old I was, what I did for a living, how long I'd been involved in SM and what kinds of experiences I'd had, what things I liked and didn't like—beyond what he'd already ascertained from our scene the night before—and whether I'd had any lasting relationships. I answered all his questions and tried to find out pretty much the

**"Near as I can tell,"
I cheekily
replied, "what it
takes to make a
top happy is a
humpy bottom
he can work
over and boss
around."**

same things about him.

When I said I was thirty-one, he surprised me by saying he was only four years older. He seemed closer to forty—which to me was a turn-on (I like my men well seasoned). He was interested to hear that I managed a large bookstore near Lincoln Center.

"We have the best selection of art books in the city," I boasted, thinking of the two treasures in his bedroom. "I'll give you a discount if you stop by."

"I'll keep that in mind," he said with a smile.

Returning to my autobiography, I told him I'd had fantasies about bondage and SM for a long time but had only been actively involved in the scene for the last six years or so. "I actually started exploring kinky stuff with my lover, Greg—I hooked up with him just a few months after I finished college. I moved into his apartment on the Upper West Side, and it went co-op a year later. We were able to buy, and I stayed on there after he died.... I'm sorry—this is probably more than you want to know."

"Not at all," he said. "Go on."

"Anyway, Greg got sick a couple of years after I moved in, and he died a month after our fourth anniversary. Fortunately for me, we practiced safe sex from the start. He must have been infected already, but I tested negative and have been able to stay that way."

"Me too," Terry interjected, "but I believe you should *always* act as if you or your partner is positive—unless, maybe, you're in a truly monogamous relationship and expect it to stay that way."

"I agree. Greg and I weren't officially monogamous—we had an 'open relationship' on principle, but I was so in love with him I never made it with anyone else while we were together. I don't think he did, either."

"So you and Greg started exploring SM...."

"We didn't get very far before he got

sick, just simple stuff, and we never joined any organizations or went to any meetings where we might have learned more. We just tried a few things that seemed to turn us on. Later, during his illness, I didn't want much sex of any kind, let alone SM."

"Understandable," Terry said.

"Yeah....But after he died I became a real safe-sex slut. I count that period as my real coming out in SM. I tried to make up for lost time by sampling the wares of as many topmen as I could get. The few I really clicked with I saw more than once, but for the most part I've avoided getting too involved with anyone. After Greg, I didn't want another relationship right away, and it's been a lot of fun playing the field."

"How do the men you play with feel about your love 'em and leave 'em attitude?"

"I just like variety," I protested. "I never promise anything I don't deliver. And it's a fair exchange. I do what you guys want, and you give me what I need. Isn't that what it's all about?"

Terry frowned. "Have you ever considered what tops might need?"

"Near as I can tell," I cheekily replied, "what it takes to make a top happy is a humpy bottom he can work over and boss around. Why should I worry about what he wants as long as I do what I'm told? *He* knows what he wants, and he's the one giving the orders."

"Some things can't be ordered," he said gravely, holding my eyes. "The really important things have to be freely given....Like respect. Or trust. Or love."

I broke away first, looking down and toying with my food. *This is getting too heavy*, I thought. *If any of the other men I've played with lately said something like that, I'd just laugh it off. But he's someone I could really fall for.*

He was still looking at me when I glanced up again.

"How about you," I asked, trying to shift the subject, "you're pretty experienced, right?"

He was cagey about the details, but he admitted to a somewhat longer SM career than mine—not only because he was older, but because he'd started earlier, with fewer hangups (I had a pretty white-bread childhood, and it took me a long time to get over the idea that good little boys didn't suck cock, lick boots, or get tied up, whipped, and fucked). I gathered that he was exclusively top and had bottomed only a handful of times when he was younger, generally with more experienced tops he wanted to learn from.

"I just have no desires that way," he said. "I know many men these days go both ways, and I don't put them down. It can

certainly help to have some firsthand experience of the other role. But it's too much against the grain for me to do it anymore."

As he spoke I realized how different he was from most of the topmen I knew. They were good men, and good at what they did, but they approached SM like a craft or a sport, adding bondage and flogging to their sexual repertoires the way they might add playing bridge or choosing wine to their social skills. Terry seemed to approach SM more like a creative artform. *It's no accident he has that Mapplethorpe in his bedroom*, I thought.

Terry soon steered the conversation back to my own desires and limits. He was surprised to hear that I didn't like piercing, but I explained that my tit rings were as far as I cared to go in that direction.

"I decided I wanted them because it was the fashion, and I thought they'd be fun for bondage," I said. "I like them now, but I really hated the experience of getting them and don't want to repeat it. Needles just aren't my thing. I almost faint when my doctor draws blood." Terry just smiled (*please don't let him be a needle freak, I prayed*).

I told him I couldn't stand scat (aside from any safety issues), and he assured me he wasn't into it either. I said I was a non-

smoker, and he said he smoked a pipe or a cigar occasionally and had enjoyed using them in scenes.

"Would that turn you off, Matt?"

"I don't know—depends how you use it, I guess. I don't think I'm into burns, but I've never tried that sort of thing."

"Not even hot wax?"

"Well, of course I've played with hot wax. Everyone's done that." He just smiled enigmatically—*am I missing something?*

"Is there anything we did last night that you didn't like?"

"Well...there were a few things I didn't like much at the time—like getting put into the trunk of your car, or being strung up and left to stew, not knowing where you were or what you were doing. But that's normal in a scene. What counts is the totality, the gestalt, and that was great."

"You mean, it's okay to do things to you that you don't like, as long as you like the scene overall—at least enough to want a rematch?"

"Well, I guess so....But when you put it that way it sounds a little scary, like a big blank check."

"Maybe that's why they call it 'surrender'," he said, sipping his coffee and staring at me over the rim of the mug.

It's hard to be afraid of someone who's just fed you a superb breakfast, but I shivered slightly under his gaze, wondering what I might be letting myself in for by agreeing to another session. (*The condemned man had a hearty last meal, some kind of omelet....*) We didn't pursue the topic of limits any further, however, speaking of less-charged matters instead—like his house.

It seemed we were on the eastern edge of Staten Island, not far from the ocean. When I complimented Terry on the house itself, or what I'd seen of it—which turned out to be everything except the basement and the spare bedroom—he explained that he was an architect (another clue dropping into place) and had built it a few years back to his own design, some of it with his own hands. It was actually rather small for the lot it was on, which he'd inherited, but the wide lawn, tall trees, and hedges provided a lot of privacy. He considered the house a journeyman effort, but it had enabled him to test out some ideas and still suited his needs.

When I pressed further, he said was principal architect in a small firm with an office in Manhattan but he often worked at home—the spare room doubled as his studio—when he was brainstorming a new project. He also traveled a lot of the time, seeing clients or inspecting building sites.

"You dress like that on a site inspection?" I asked, pointing to his work shirt.

"Sure," he said, "plus a hard hat. That turn you on?"

"Maybe," I said with a grin. "I like a man who works with his hands as well as his head."

"Uh-huh. And how would you feel about seeing me in a business suit, which I also have to wear a lot of the time?"

"Don't like suits," I said in a pouty voice. "They make me think of bean counters—the 'Men Who Say No.'"

"You're awfully opinionated." He was apparently not amused.

"I know," I admitted. "That's probably why I end up gagged so often." That elicited a smile.

The conversation lapsed for a couple of minutes while we finished eating, until I asked, curious all of a sudden, if he'd ever had a lover.

"I had a slave once," he said, "about seven years ago. It was a strict, by-the-book relationship, but I did love him. It didn't work out, though. We broke up and haven't seen each other since. After that I kind of soured on the idea of letting anyone get so close to me."

"So you play the field, too," I remarked.

"I'm not as fickle as you seem to be," he laughed. "I'm not into one-night stands. You're the first 'new meat' I've played with in more than a year—I prefer repeat sessions with bottoms I've had good scenes with in the past. It's a lot of work breaking in someone new."

"So why'd you take me on?"

"Curiosity, in part. I've seen you around, and I know many of the guys you've played with. Aside from being pushy and a bit of a smartass, you have a good rep. I thought it might be interesting to get to know you better."

"Maybe I can join your stable," I said with a smile.

"We'll see," he said, getting to his feet. *End of discussion, apparently.*

"You can relax here for a while before cleaning up. I'm going into the living room." He refilled his coffee cup and took it with him. After a few minutes I heard music coming from the living room, but he didn't pipe it into the kitchen.

I lingered over my own last cup, my thoughts revolving around the extraordinarily satisfying scene we'd had the night before. *Are we making a mistake trying it again so soon? Maybe we should shake hands and part, then get together again in a few weeks, after we've had a chance to recharge our batteries....Naahh!* My cock was already half-hard again. *He is definitely the most exciting man I've played with in years. And he must*

like me, too, or he wouldn't have suggested I stay—or had me wear these sexy clothes.

My doubts resolved, I got up to tackle the dirty dishes and pans. He seemed to have used a large fraction of the cookware he had, but the meal had been worth it. Besides, I just had to rinse most things and load them into the dishwasher.

While I was working, Terry came back into the kitchen with his dirty cup—and an armload of chains.

"I thought you'd enjoy working in these," he said, holding out a set of lightweight manacles and a heavier pair of leg irons.

"You're a prince," I said with an amused shake of my head, but I put down what I was holding, dried my hands, and extended them toward him.

"Don't be flip with me, boy," he said in a sterner tone as he fastened the cuffs onto my wrists. The chain between them was about a foot long, so I could still work without too much risk of dropping things.

"I'm sorry, sir," I said, wiping off my smirk and trying to get back into a submissive mind-set. My cock was quicker on the uptake—it responded immediately to the bondage and his renewed domination by tenting out my shorts.

"You can put these on yourself," he

said, handing me the leg irons. I bent down to lock them over my boots, then handed him back the key (they were British-style cuffs and had to be screwed shut).

"Come to the living room when you're finished," he said. "Don't be too long."

My efforts were only slightly impeded by the restraints. I had to take shorter steps, of course, because of the leg irons, and to take care not to swing the manacles' chain against a plate or glass, but in another ten minutes or so I had everything neatly squared away. The table and counters were clean, and the dishwasher was humming. I headed out to the living room to meet my fate.

I found Terry seated in a leather recliner reading the morning paper. He motioned for me to sit on the floor beside him. The drapes were open now, letting in plenty of light. I wondered whether we could be seen from the street, but the front of the house, too, was screened by tall shrubbery.

For the next fifteen minutes or so we sat quietly, his hand occasionally toying with my hair, as the music continued. I felt very relaxed and contented, my stomach full, happy just to wait there with him until he was ready to lock me up as promised. My cock was at half-mast, filled out but not stiff. When the music that had been playing finished, he put the paper aside and stood up.

"Come on, boy. Time to go downstairs."

I stood up, and he marched me back through the house to the basement stairs, which were behind a door off the kitchen, then down them. His whole manner had become harder again after the ease of our brunch conversation, and his hand on my arm was tight and unyielding. The leg chain made a terrific racket on the wooden steps, which I negotiated carefully.

At the bottom we found ourselves in an ordinary-looking basement—I could see laundry equipment and other household machinery. Terry walked me toward a wall with a steel door, which he pushed open and led me through. This room was a very different story. The ceiling and floor were black. The wall to our left was all mirrors, and the one straight ahead, where most of the light was directed, was covered by a large collection of leather and steel restraints, chains, ropes, ass toys, whips, cats, clamps, and accoutrements, all neatly arrayed on a wire storage grid and narrow shelves. To the right I saw an open shower stall and a toilet. The equipment wall did not extend the full width of the space—at each end there was a passage beyond it, too dark to see into.

I came up behind Terry as he ran his fingers along a rack of handcuffs with the air of a man picking out a necktie. Finally he

settled on a heavyweight set with thick, rounded bows—expensive imported German transport cuffs. He took the manacles off me and replaced them with the handcuffs. Then he pulled down a leather chastity jock and a butt plug, along with a lube dispenser. “Can’t have you jerking off in your cell,” he said with a wicked grin, then flipped a light switch and led me around one end of the storage wall.

Terry’s references to a “cell” in his basement had not prepared me adequately. I’d expected something like a large closet with a barred door made from welded steel pipes, or maybe an oversize cage—the kind of thing you sometimes see in SM clubs or porn magazines. What he led me to down a short corridor was an authentically equipped jail cell. Its heavy, double-hung barred door faced the blank corridor wall, giving a prisoner no view of what might be going on elsewhere in the basement room. The wire-covered bulb in the cell’s ceiling was off, but the light in the corridor threw a pattern of dark and light stripes across everything inside. About seven feet wide and maybe nine long, the cell was equipped with a narrow bunk against one of the long walls, a straight-backed chair, and a steel sink and toilet. While my mouth hung open in astonishment, my cock stiffened and tried to poke a hole in my shorts.

Terry turned on the cell light from a switch outside, slid open the unlocked door, and pushed me inside.

“Go take a piss,” he ordered, following me in. “You won’t be able to after I put this jock on you.”

I walked over to the toilet in the back and opened my fly, then freed my stiff dick. I tried to focus on something unstimulating so it would soften and I could piss. The handcuffs made it difficult, since just *thinking* about cuffs gets me hard, and there they were on me in plain sight while I aimed.

In the stainless-steel mirror above the sink I caught sight of Terry snickering at my struggle to pee while he put a condom over the butt plug and greased it up. I sighed, stared at the concrete-block wall, and tried to recall the editorials in yesterday’s *New York Times*—that should be a soft-on. And it worked, too.

When I finished, I flushed the toilet and turned around, my softened cock still hanging out of the shorts.

“Come over here,” he said, “and take down those shorts, then lie on the bunk.” I clanked over to him, dropped the shorts, and awkwardly maneuvered myself onto the bunk, lying bareass up on the coarse blanket. He made short work of loosening my asshole, though I was still a little sore from the

previous night, and shoved in the plug till it seated itself firmly. Despite the initial discomfort, the pressure on my prostate revived my cock. Terry stepped over to the sink to wash his hands.

“Now stand up so I can get this jock on,” he said when he’d finished.

I stood facing him, holding my cuffed hands out of the way, while he worked my stiffening cock and balls through the cutout in the stiff, triangular leather backplate of the jock, then strapped them down, zipped up and locked the thick leather coverpiece, and buckled and locked the waist and crotch straps. He pulled the denim shorts back up over the leather jock and told me to button up.

After I’d done so, he looked me over with a stern eye and gave my bulging and well-harnessed basket a last squeeze before he stepped out of the cell and locked the door, using a large key he took from a hook on the facing wall. He switched off the cell light again and delivered this parting shot:

“Okay, punk. Sit tight and think about whether you’d be better off cooperating. Have some good answers ready by the time I get back. And watch your mouth while you’re in here by yourself—there’s a microphone just outside the cell so I can hear any noise you

make.”

Even out of uniform, he exuded the authority of a veteran cop facing a smart-ass delinquent he suspected of more serious crimes. Wondering how literally to take the implication—*am I really in for an interrogation scene later?*—I looked through the gray steel bars as he turned and walked away. The reference to the mike was reassuring (and probably intended to be), as it meant that if I got sick or anything I could call out and he’d hear me.

After he went out the main door, I listened for his footsteps on the stairs. Nothing—good soundproofing. There was no sound at all, in fact, except a soft whoosh from the air vents and a faint hum from the lights.

I had never been in a cell before, but I had enough prison fantasies to have looked at plenty of books on the subject. Aside from the rather nonstandard decor outside (not to mention what I was wearing), the realism of Terry’s home lock-up was amazing, though of course an architect would have access to materials and fittings you can’t pick up at a hardware store. The only things lacking, I figured, were the noise and stench of a real prison or jail—which I was happy to do without. I discovered one other inauthentic touch: The pinup calendar on the wall above the bunk didn’t show a naked bimbo but a humpy motorcycle cop with his monster cock hanging out. I flipped through the other months, and they were all macho gay icons. Terry’s sense of humor.

I paced the small cell many times, dragging my leg chain and letting the feeling of being a caged prisoner sink in. Then I sat down on the bunk (the butt plug forcefully reminded me of its presence as I bent my torso), swung my legs up, and leaned back against the rear wall. The springs squeaked every time I moved.

Not much to look at, but it sure is peaceful. I stared at the stripes cast by the light outside, and I started to space out. It was as if I were projecting a film of erotic bondage and torture scenes in my head, featuring me and Terry or me and the cop in the calendar. I had no idea how much time had passed when I finally shook my head and sat up, breaking the spell.

I paced around the cell some more, looked through the calendar again, got a drink of water direct from the tap (there was no cup), and sat on the chair and stared at the wall. Like many bondage bottoms, I found the monotony of a long-term scene more challenging than the restraint. Getting locked up (or tied up or whatever) is exciting; remaining locked up is often boring. My hard-on was long gone.

Curiously, the greater freedom afforded by the loose chains, as opposed to a sleepsack, straitjacket, or any other rigid bondage, made the "dead" time harder to take. Because I could move around, I felt that I should be *doing* something. But there was nothing I *could* do, not really—thanks to the chastity jock, I couldn't even play with myself, just wait for Terry to return for the next scene in our drama. I could call out for him, or shout insults and try to provoke him to return, but I could imagine what I'd get if I disturbed him unnecessarily. Worst would be if he kicked me out and never let me see him again. I knew I *had* to see this man again, that he couldn't be a one-shot.

I decided to try lying down on the bunk. *May as well take a nap.* I was still short of sleep from the night before, and this was an opportunity to catch up. I had the feeling I'd need to be alert and ready when Terry returned. I lay on my side, my cuffed hands joined as if in prayer on the pillow beside my head.

Sleep did not come soon. What came was memories: The first time Greg put me to bed in handcuffs. The first time I licked his new engineer boots. All the pairs of boots I'd licked after that. The first time he put a hood on me. My first flogging. The many times I'd been tied up and fucked—and how rarely by someone who loved me. The ache of watching Greg waste away, racked with pains that no one willed, that no surrender could stop. Years of cruising, of making connections, of breaking them, of allowing myself to be bound while hanging loose inside.

I thought of sweet Alex, who looked great in leather and talked a great scene but couldn't bring himself to cause pain. And Brian, so into his uniforms that he almost forgot it was all about sex. And funny old Herb, so glad to have a young man to tie up again. And Tom, who could handle a whip like nobody else. And Frank with his electrodes and cattle prods—a trip I'd always remember but never wanted to repeat. And Stan, my reliable bondage buddy, always ready to tie or be tied.

I compared them all with Terry, even Greg. There was no question Terry had something special, something extra—and it wasn't just that he had more and better toys. *I bet he could pull off a memorable scene with nothing more than his hands and one bootlace if he had to.* Was I just succumbing to a form of the Stockholm syndrome, identifying with my "captor"? *No way to be objective about it now,* I decided. *I'll play this scene through, and when I'm back home I'll sort it out.* Comforted by that easy resolution, I managed to doze off.

I started when the cell door slid open with a loud clang, but before I could come fully awake or sit up, I felt a jab in my ribs.

"Wake up, punk." Another jab—a *nightstick*? I tried to pull away but he got me again.

"Get on your feet, asshole. Time to come clean." Jab.

After struggling to my feet, I tried to focus my bleary eyes on the source of this abuse. Standing in front of me was a tall, mustached man in a perfect CHP uniform, another favorite cop outfit. He had the gold-and-blue helmet, the mirrored sunglasses, the heavyweight black leather cycle jacket over an open-necked tan shirt, the basketweave gunbelt, the gauntlets, the striped breeches, and the tall, snugly fitting black boots. I assumed it was Terry—I *hoped* it was Terry—but with the shades it was hard to tell for sure. As I pondered, he reached out one gloved hand and grabbed my hair, then pushed me to the floor. Then he sat on the bunk and stuck a boot in my face.

"Start licking, dickface. If you do a good job, I may leave you in one piece." It was Terry, all right—by then I'd know his

voice anywhere.

I also knew that the gleaming black police boots weren't the same ones I'd serviced the night before. These were Dehner's, with a single narrow strap outside at the top, buckling toward the back, instead of lacing. They fit Terry's calves as if molded to them, and the top-quality leather was polished to a high gloss. I bent my face and started tonguing them with deep respect. While I licked one boot, he tortured me with the other, poking me in the crotch or belly, dragging it along my back, thumping my butt with the heel, scraping the sole on my neck. Then the same with the other boot.

"That's enough fun and games, punk," he said. "Get on your feet again." He "helped" me up by yanking on the waist of my shorts.

I stood facing him, undoubtedly dirt-smeared and disheveled. He spat in my face and smeared it around with his leathery palm. Then he turned me toward the door and pushed me roughly out of the cell, still holding tightly onto one arm. Once we were outside, he turned me again to face the bars, then unlocked the cuff on my left hand, pulled my arms above my head, passed the loose cuff around a bar, and fastened it on my wrist again. My arms were locked in place about a foot above my head. It's a good thing the metal cuffs were too thick and rounded to cut into my wrists, which I'm sure was no accident.

Terry wasn't finished yet. He unlocked the shackle around my right boot, then undid my shorts and pulled them off. He kicked my legs a couple of feet apart, threaded the chain between the leg cuffs around several bars in the door, and locked the shackle over my boot again. My feet were spread yet held close to the steel door frame. Finally, he pulled the T-shirt up over my head. He couldn't take it off, of course, without ripping it, so he bunched it up under my chin.

He hauled off and smacked my ass hard with his hands a couple of times, and I braced myself for more, my cock stiffening in anticipation, but he paused.

"Okay, asshole, are you going to talk, or do I beat it out of you?"

I guessed that he was giving me one last "out," in case I felt the developing scene was more than I could handle. I took a deep breath, then went for it.

"Blow it out your ass, pig!" I snarled at him.

Whommp! His hand slammed into my back, smashing my pecs into the bars and knocking the breath out of me. *Whommp!* Over and over. He alternated heavy slams with lighter but more focused punches and jabs, hitting many times in quick succession

for a while and then spacing the blows out, letting one bruise develop before planting another alongside it. Besides his hands, he used the nightstick, jabbing me with it and also slamming it down lengthwise. I was awash in pain, but I was just aware enough of what he was doing to appreciate that he was carefully avoiding my kidneys and other vulnerable parts. Though he started on my back, my butt and thighs got most of the attention as the beating continued.

When he stopped I could hear heavy breathing, but I wasn't sure if it were mine or his. My front felt almost as bruised as my rear, simply from being slammed against the bars.

"That's for starters, asshole," he growled. "I've got lots of ways to make you hurt. You're going to be begging to tell me whatever I want when I'm finished with you."

Then he started working me over with his fingers, pinching and rolling my tits, pinching the skin along my sides, pressing his thumbs into my armpits, pushing the butt plug deeper into my ass, digging into pressure points on my back, and otherwise making me miserable. Ungagged, I freely vented my pain. I wasn't quite ready to beg him to stop, but I was getting there. I worried that it might not do any good. He really seemed steamed up!

"Go ahead and yell all you want, shitface," he told me. "No one's going to hear you except me—and your screams are music to my ears."

That B-movie line reassured me he was acting, and he did ease off eventually, if only because he'd gotten tired—beating someone up without really damaging him is hard work. He walked away down the corridor and left me hanging for a few minutes, and when he came back he went inside the cell and stood there looking out at me. Then he made a production out of loosening his utility belt so he could unbuckle the pants belt under it and draw it out. He doubled the heavy black belt in his fist and walked toward me.

"Still think I'm a pig, motherfucker?"

I seized the chance to lessen the intensity of the scene a bit.

"No, sir," I said urgently. "I'm sorry, sir."

"Ready to talk, punk?"

"Yes, sir!" I was more than ready! "But I don't know what you want me to say, sir."

He reached through the bars and started lightly working my tits.

"Don't you, now?" he said and savagely twisted the right one. I screamed. He

did the same to the other tit. I screamed again.

"Please, sir, I don't know what you want! Please tell me what to say!" I blubbered. I wasn't hard anymore, and I was getting scared.

He walked back out of the cell and stood behind me, then lashed me full force on the butt with his belt, three or four times. I screamed again, louder, at the first blow and kept screaming till he stopped, then sagged against the bars, hyper ventilating.

Terry stroked me lightly with his hands, calming and soothing me, until my breathing returned to normal and I could stand straight again.

"You know what I want, boy," he growled into my ear. "Just think. It's very simple. Very obvious."

What could he mean? I wondered. I was never very good at these fantasy scenes—I always muffed my lines. *What would satisfy him? A confession? What should I confess? Everything!*

"Yes, sir," I said. "I confess. I did it! I'm guilty as hell. You've got me dead to rights. I'm the one!" I babbled all the variations on this theme that I could think of.

"Too bad, asshole," he said after I ran out of confessions, "that's not it."

Whommp!

He started laying into me again with the belt—though with less force behind each blow than before. It still hurt, of course, a lot, but I started getting into it finally. My brain was pouring out endorphins to block the pain, and as the slow, even belting continued, the hurt transmuted to a glowing warmth. Instead of groaning and crying and stiffening against each blow, I relaxed into the lash, and my vocalizations changed to moans and sighs. My cock stiffened again within its leather prison. Each stroke began to feel like a tiny orgasm; the neural fireworks were indistinguishable from those of pleasure. As the rhythmic whipping continued, it pulled me along from peak to peak of sensation. I began to realize how sensitive Terry was being, how skillfully he was playing my body in ways I wasn't used to—but wanted more of.

I felt a wave of gratitude toward my "torturer."

"Thank you, sir! Thank you!" I spontaneously shouted. The lashing stopped.

"That's it, boy," he said quietly. "Wasn't that easy? Just one more good one now. Hold on. You can take it."

I could feel my heart thumping as I waited, wanting and fearing whatever he might consider an appropriate finale. The moment stretched out, and my guts churned from the suspense.

Finally, he struck: one tremendous lash that seared me from shoulder to thigh. Part of me cowered away, screaming. But another part was reveling in the sensation, saying, "Yes! Oh, yes! That's it!" By the time the afterburn set in, I was limp, hanging from my wrists.

Terry wrapped his arms around me, holding me until I could stand again. He then unlocked the panel covering my cock and released it from the straps holding it down. He also unlocked the right handcuff, but he reattached the cuff to the bars so my left arm was still secured. He massaged my right wrist gently and put my hand on my cock.

"Start jerking off, boy...slowly. Use your spit if you need lube."

He walked into the cell, took off his helmet, shades, and gunbelt, and placed them on the bunk. He turned the chair to face me and sat down just a couple of feet away. As I slowly worked on my cock, he mopped his sweat-soaked brushcut with a bandana, then unzipped his pants and took his own dick out. I watched him and he watched me as we each jerked our own meat. It was an incredible moment: Chained to the door of the cell, aching and smarting from the heavy abuse I'd absorbed, I fondled my own cock, still only half hard, and watched my hunky tormentor pleasure himself. I licked my lips as I remem-

bered the taste of his boots—and of his cock the night before.

Terry had no trouble bringing himself to full erection. He was quite a sight—slumping in the hard chair with his booted legs splayed out and his hand pumping the hard cock proudly poking out of the crotch of his uniform pants. He paused only to unbutton his shirt, exposing his hairy, sweaty chest. Apparently he enjoyed looking at my bound and bruised form as much as I salivated over him, for he kept his eyes fixed on me until the last moments, when they rolled back into his head, he groaned loudly, and his cum shot across the space between us to land on my own crotch. That was all I needed! Using his cum as lube, I quickly stroked myself into an explosive orgasm.

"I'm coming, sir!" I yelled as I shot. I didn't quite match Terry's distance record, though—my cum landed on the floor in front of him. He moaned in response, opened his eyes, and staggered to his feet. He came over to the door and deep-kissed me through the bars. Then he came out of the cell and around back of me. He hugged me and nuzzled my ear before he began to release me. First he took off the handcuff still holding my left hand, then unlocked the straps of the chastity jock and eased it off, and finally knelt down to unlock the leg cuffs. When I was free, but still more than a little shaky, he turned me around, took me in his arms again, and let me rest my head on his shoulder.

"You had me scared for a while," I told him after a few moments.

"Too rough?" he asked.

"Well...no." I pulled back and looked him in the eye. "But I didn't expect such realism!"

"If a thing's worth doing..." he said with a grin. "Anyway, the fun's over, and it's time for you to get cleaned up so I can take you home. Can you make it up the stairs okay?"

"Sure," I said. Terry retrieved his uniform gear from inside the cell, and I picked the shorts, jock, and T-shirt up off the floor. He told me to pick up the cuffs and leg irons, too, and I carried them into the black room, where he returned the chains and the jock to their respective positions on the wall. I was surprised he didn't make me take out the butt plug then and there. (*Is obsessive neatness his character flaw?* I wondered.) We went back upstairs to his bedroom, where my own clothes, retrieved from his car trunk, were lying on the bed.

"You'd better shower before changing back into your own stuff," he said as he began stripping off his uniform. The shirt was soaked with sweat.

I held up the T-shirt I'd worn and read the motto aloud: "'Fit to be tied'—Thanks for the compliment."

He laughed and said I could keep it if I wanted, "as a souvenir, if those bruises aren't enough for you. A cool shower will make them feel better, by the way. And don't forget to take out the butt plug!"

He was right about the shower as a restorative, and he even joined me. I guess he wanted to wash off the sweat he'd worked up beating me. He let me soap and sponge him off, and after we'd dried ourselves he laid me on the bed and gently applied a soothing lotion to my backside.

Terry put on leather jeans, a gray GMSMA T-shirt, a leather vest, and black cowboy boots. I put on my own T-shirt, vest, and jeans, hanging his gift from my belt. He handed my cock-and-ball harness back to me, and I stuffed it into a back pocket. When we went out to the garage through the doorway off the kitchen, he pointed me toward the passenger door of the car—a pearl grey Nissan Maxima, as I noticed now that I wasn't too distracted by handcuffs, a leash, and a hard dick—and I sat in the front next to him. But after we'd closed the doors he had me bend forward and put my arms behind me so he

could slap on a pair of hinged handcuffs (*does he have a pair in every pocket?*). I settled back gingerly, trying to find the least awkward position for my hands—and least painful position for my butt. My cock stirred briefly but fell back, exhausted.

"You look so much better in bondage, I couldn't resist," Terry said with a smile.

"Thank you, sir," I responded to the odd compliment, "but now I can't put on the seat belt."

"Oh, I'll get that," he said, and reached across me to pull the harness into place. Then he picked a couple of web straps off the floor and used them to tie my legs together. *Never enough! It does feel good, though.*

"Now, shall I just take you straight home, or do you want to join me for dinner out? It'll be too late to cook by the time I get back."

"Dinner would be great, sir," I said, realizing that I was, in fact, quite hungry.

He named a Chinese restaurant in the West Village, I said it would be fine, and we were off.

We talked freely during the drive—about food, music, art (erotic and otherwise), mutual friends, gay organizations, the politics of "outing"—but as long as I wore his bonds I felt I should "Sir" him. He made no objection, but he didn't demand any greater deference, either. When we finally found a parking space, he released me, and we walked to the restaurant together like old friends.

The camaraderie continued through the excellent meal, and when he drove me to my building afterward (without bondage), I naturally invited him up. He declined with a smile.

"Not this time, Matt. Thanks anyway."

"Could I have your number so I can call you sometime?"

"No, not yet. But give me yours. I'll call you sometime—when I'm in the mood for 'no-strings' SM." I felt as if he'd punched me in the gut, and my face must have reddened in embarrassment.

"I was teasing, Matt. I *do* want to see you again," he said, "but it's better if I call you—trust me. Now give me your number and get out so I can go home."

He took the card I handed him, then clasped my hand firmly.

"Take care of yourself, boy. Till next time."

"Thank you, sir. Good night." I stood on the pavement staring after him as he drove off. *Till next time.* Tired and sore as I was, sexually drained, I still felt I could hardly wait. Finally I turned and went into my building.

ME'N'JAKE'N'THE SMITH-AND-SMITH SIGN

Story by Sean Martin

It was one of those god-awful August days when all you really wanna do is hide in the shade with a cooler full of ice and a couple of six packs--anything to get away from the heat. I'd even suggested that maybe we should close up shop for the day: nobody in their right mind was gonna be out on a day like this, let alone bring their car in for repairs, but my brother Jake wouldn't hear of it. Seemed kinda stupid, if you ask me. As it was, me 'n' Jake didn't have shit to do: I'd finished working on Charley Sweeney's truck yesterday, and Jake'd spent most of his time taking apart a carburetor we'd pulled outa Ed Bergen's tractor.

Damn, but it was hot.

The inside of the garage was worse than a fucking oven, so we'd gone outside, sittin' in what little shade there was, relishing even the slightest breeze. Jake picked away at that dumb carburetor, while I nursed a beer and just sorta stared at nothin' in particular. Finally I found myself looking at our sign, and there was somethin' about it that I couldn't figure. "Jake, mind if I ask you what's probably gonna sound like a *stupid* question?"

"Nothin' new there, little brother. Lets hear it."

"Well, on our sign, we got 'Smith & Smith Rebuilt Engines'."

"Yeah, so?"

So who's Smith and who's th' other Smith?"

He looked at me like I was some kinda big-time idiot. "What the hell're you talkin' about?"

"Who's Smith and who's th' other Smith? Pretty simple question, way I figure it."

"I'm Smith and you're th' other Smith. Pretty stupid question's the way I figure it."

"Yeah, but - and I mean, just for the sake of conversation - who's to say I ain't the first Smith and you ain't th' other one?"

"Because I'm older than you, that's why. Now shut up; it's too hot t'talk."

Sure, as if a lousy six minutes that separated a coupla twins was supposed t' make the older one of them into some kinda hot shit or somethin'. I never did believe that bunch of horseshit, even when Pop hisself would tell it to me. When we were growin' up, those six minutes had been the cause of more scraps than a pond has bullfrogs, usually over stupid things like who was gonna burn the garbage and who was gonna help Pop with rakin' all the damn leaves outa the yard. As we got older, it got to happenin' more and more, over dumber and dumber reasons, 'specially once we got to be teenagers.

It wasn't that I didn't like my twin; Jake could be a pretty decent guy if he was of a mind to be. More than once, he'd been there right 'side me when I found myself in a bad situation, like when I told the Hansen twins - that's Ed and Mike - that their daddy wasn't Mr. Hansen what runs the post office but his brother. They didn't like that too much, and they probably woulda done a heluva good job of re-arrangin' my face if ol' Jake hadn't come along when he did. But the best fights we ever had were between us; I sometimes think we probably woulda been put on permanent detention for fightin' at school if we hadn't dropped out first. Finally Pop'd gotten so tired of tearing us off'n each other that he went out and bought us this garage, thinkin' if we had to work fourteen hours a day, six days a week to keep it goin', we'd be too tired to do anything else.

Well, he was almost right. It's hard work when you're trying to grapple with a ton of diesel engine that's real determined to go someplace other than where you want it to. Most days, we'd both be so bone-tired, all we wanted to do was lock the doors and head upstairs

to the apartment we shared over the garage. We'd throw a couple of frozen dinners in the oven, pop open a beer or two, and watch some TV. Other nights, Jake'd decide he wanted to plow me in the butt, and that really ticked me off, 'specially on those nights when he knew damn well it was my turn to plow him - and then we'd get into an argument over whose turn it might be, and we'd never be able to find a fuckin' calendar, and then he'd get pissed off or I'd get pissed off, and then before long we'd be rasslin' all over the place, generally trashin' the place, windin' up with a buncha broken furniture and nobody gettin' plowed cause we'd be to fucking worn out to do anything 'cept jack each other off - which wasn't so bad, 'cept when you've spent all day lookin' forward to doin some serious butt plowin' and you have to settle for a hand job instead.

Still, for some reason, it really bugged me about the sign. Maybe it was the heat that was aggravatin' me; maybe it was just being in one of those moods, but whatever it was, I looked him straight in the eye and said, "I think you're wrong, big brother."

"Oh?"

"Yeah. I think I'm Smith, and you're the other Smith."

Real calm, he put down the carb and sat back, smiling as he crossed his arms, restin' them on his chest. "You think so, do you?"

"Sure. No law says the older-by-six-minutes brother has t' be first in everything. Maybe I'm supposed to be first in this."

"Maybe one thing you're first at is talkin' like a complete asshole; I'll grant you that. Now shut up, little brother, before I set my mind to knockin' some sense into that pea-brain of yours, as if I didn't have better things to do."

"As if you think you could."

"I've whupped you on better occasions than this, boy, so I'd watch my mouth if I was you. I'd hate t' have t' close it for you."

Even though it didn't sound like it, I could tell he was actually enjoyin' entertainin' the idea of doin' a little rasslin', even on a scorcher of an afternoon. Shit, it was somethin' t' do. And, 'sides, rasslin' usually meant some butt-plowin' would follow, and it looked like ol' Jake's dick was warmin' up to the idea. Mine sure was, and, this bein' a Thursday, it seemed to me it was my turn anyway.

"Think you can? You're welcome t' try."

Still grinnin', he stared at me real hard, like I was some kinda horsefly that wouldn't stop annoyin' him. "All right. C'mon, lets go inside."

And, 'sides, rasslin' usually meant some butt-plowin' would follow, and it looked like ol' Jake's dick was warmin' up to the idea.

I could feel him thrustin' his hard dick into my backside, ridin' in between my ass cheeks as he wrenched my arm.

"Cooler out here."

"You wanna get us arrested like last time? We don't need the sheriff buttin' in on our family discussions again. C'mon, inside."

He was right there. Last time somethin' like this happened, things'd gotten a little out of hand: 'fore too long, we were both rasslin' buck-ass baby naked on the dirt driveway leading down to the main highway. I'd just about gotten him face down in the dirt, right where I wanted him, when ol' man Kelly cruises by, sees us, and flicks on a siren that brought half the town to see what the fuss was all about. No sense in repeatin' that scene, least not without givin' people enough time t' buy tickets. So we headed inside the garage, and Jake pulled down the big metal door and slapped a small piece of cardboard over the window that said "Back in 5 minutes", just in case anybody did stop by.

Even though it was darker'n shit, th' heat was incredible in there; had t' be easily a hundred degrees, if not more. I'd been sweatin' all day, but just a few seconds after steppin' in there I could feel myself breakin' into a sweat on places I never knew could sweat. We moved toward the center of the concrete floor and faced each other, both of us easing down into a crouch. "So what's it gonna be this time, little brother," Jake grinned at me, "best two outa three, or should I just plan on givin' you the horse-whippin' you deserve?"

"We'll see 'bout that, big brother. Now shut up and rassle."

We circled around each other, hands probin' for an openin', both of us feignin' an attack. At one point he moved in too close, and hot damn if I wasn't able to knock his cap off. If anything riles Jake, it's havin' his John Deere knocked off his head - and this time was no exception. He picked it up and looked at the oil stain that started spreadin' across the top of it. "I just cleaned that fuckin' thing," he snarled as he threw it across the garage onto a work bench, "n' now you have t' go and get it all dirty again. Not a real sociable thing to do, was it?"

"I don't think we're in here t' be sociable, big brother."

"Maybe not, but that never excuses poor behavior. Guess I'm gonna hafta teach you some manners, little brother." He whipped off his t-shirt and threw it on the floor, then ran his hands over his chest hair.

I threw my shirt off as well and dropped down into a crouch again, my hands open and ready. "Anytime you wanna start class, let me know."

We circled again, finally locking up collar 'n' elbow, both of us grapplin' to see who'd take control. We were both slick as eels with perspiration that we couldn't get anything resemblin' a decent hold on each other, but that didn't stop us from tryin' all that much harder. I gave up tryin' to keep ahold of th' back o' his neck and moved down to grabbin' his biceps, pullin' him off-balance while he'd try to push me back. He managed to snake an arm around me and pulled me in real close while he tried to hook his leg around me. But I was expectin' that: he'd tried that before, 'n' I knew if I kept my feet far enough apart, he'd be shit outa luck. Locked together, we staggered all over the concrete, both of us snortin' like a coupla bulls, the sweat drippin' down into the crevice between our pecs. For a couple of minutes, we didn't seem to be able to do much o' anythin' else 'cept rub up against each other, then I slipped on an oil patch, sending my feet out from under me knocking both of us to the floor in a heap.

We rolled around, still locked together, squirmin' around on the grease 'n' oil which just made it that much harder to keep ahold o' somethin', both of us tryin' to be on top, occasionally bangin' into an oil drum or a work bench, then rollin' away from it 'fore either of us could try 'n' use it to advantage. It took him more 'n a few minutes, but he pinned me on my stomach, face down on the concrete, then powered my arm back and up past the small of my back. He held it there, and while he did, we both took a breather: we was both pantin' like dogs, and here we'd just gotten started. Way I saw it, no sense in lettin' it end this quick, and it seemed he agreed. As we both lay there, him on top o' me, my arm more or less stuck between us, I could feel him thrustin' his hard dick into my backside, ridin' in between my ass cheeks as he wrenched my arm. I figured, hey, if that's how he wants to play it, so I started squeezin' my cheeks, tryin' to grab that dick through his jeans, and it didn't take long 'fore I got exactly the reaction I wanted. He started moanin' like he was almost ready to shoot, and just for a second I could feel him loosenin' his hold on my arm. Quick as a cat with a field mouse, I snapped loose and pushed him off, then rolled him over onto his back and jumped on top, wrappin' my arm around his head, plantin' him solid between my bicep and ribs.

"Shit, man, not so tight," he muffed into my armpit, "you're fuckin' chokin' me."

"Bullshit," I snorted, "you've suffered worse 'n this. Just consider it just a little payback for that armhold a minute ago." Keepin' the headlock in place, I rolled us both up to our knees and grabbed him with my other hand by the hair so I could start wrenchin' his neck big time, when I felt his hand on my ass, rippin' open a loose spot on my jeans, his fingers tryin' to worm their way into my butt. That really pissed me off, 'specially since he knew fuckin' well it was Thursday and it wasn't his goddam turn. "Keep doin' that, big brother, and you're gonna seriously regret it."

That didn't seem to bother him none, 'cause all of a sudden, he's ripped my jeans wide open and started finger-fuckin' me. We was both so plastered with grease 'n' sweat by this time that his fingers just slipped right in without so much as a how-do-you-do. Now don't get me wrong; under normal circumstances I like a good finger-fuck, much as the next guy - but these weren't normal circumstances: this was my fuckin' brother tryin' to take advantage in a way I really didn't care for. So then I really slapped on the pressure, crammin' his head in so tight you'd think it was about to burst. He started moanin' real big then, and for a moment, I thought he was actually gonna give.

No such luck. Instead, we were both so slick, he managed to pop his head loose and shove me away. Next thing I know he roars into me grabbin' me from behind, wrappin' both his arms around the waist pinnin' both my arms to my sides, and plantin' one helluva bear hug that, had both of us gruntin' and started shakin' me, which hurt more than you can imagine, like all my insides were bein' squeezed up into my chest. As if that weren't enough torture, he grabs my balls with one hand and starts squeezin' the be-jesus outta them. Furious that he'd try such a low trick, I pulled my arms loose and peeled his arm from around my waist.

I wrenched it loose and pulled offa him, then turned to face him, ready for bear. But even though I'd gotten out of the bearhug, he still had his hand securely locked inplace on my balls. I returned the favor, squeezin' his balls every bit as hard as he was mine. Keepin' his fingers wrapped tight, he took his other hand and back-handed me 'cross the mouth. I did the same, slappin' him as hard as I could, enough to set his head spinnin'. For more time than you can imagine, we both just stood there, squeezin' and mashin' each other's balls, slappin' the hell outa each other, both of us yellin' and shoutin' in pain and full-out brotherly rage.

He let go first, but I soon followed when he slugged me on the side o' the head hard enough to spin me around. Before I even had a chance to turn around and face him, he tackled me to the floor, smashing me chin first into the concrete, rattlin' my jaw 'most up into my nose. That stunned me long enough for him to think he'd gotten the better of me, cause the next thing I know he's gotten his dick outta his jeans, and, after slatherin' a little oil on it, he's tryin to ram it into my hole. He'd just about succeeded when I roared up and smashed my elbow onto the side of his head, knockin him pretty good, 'cause he just sat there, his eyes a little crossed but his dick still hard as a rock.

I got up and staggered over in front of him, then reached down and pulled him to his feet by his dick. He was still a little rubbery, so it was easy for me to plant one hand under his arm, snake the other between his legs to grab his balls, and whip him over my shoulder onto the garage floor. He landed real heavy, and I was sorta hopin' that might do it, cause I was gettin' more than a little tired. He'd landed face-first, so I dropped down an sat on his back, then grabbed his jeans and ripped a big ol' hole in them large enough to do some serious butt plowin'. He didn't even resist as I took my dick out, slicked it up, and rammed it home.

Plowin' deep, I grabbed him by the hair on the back of his head and hauled him up a little. Never losin' rhythm, I grunted in his ear, "So, big brother, who's the Smith an who's the other Smith now?" But you think my brother was gonna give up that easy, you obviously never tangled with him. I was screwin' him real good, drivin' it in as deep as I could, when suddenly he lets out a yell, and I felt his ass muscles lockin' around my dick, trappin' it in there. I tried pullin' it out, but he was too damn strong: that dick was clamped in there solid. I started howlin' like a cat in heat, yellin' so much I didn't even care when he rolled me over onto my back and then sat up on top of me. Keepin' a tight hold, he pinned my legs to the floor and then raised himself, takin' my dick and my butt with him, then droppin' down and rammin' the small of my back into the cement.

That hurt.

Boy did that hurt!

I was practically ready to give out loud at that one, but he wasn't quite finished. Still keepin' a firm hold, he twisted around, practically twistin' my dick off in the process, then slapped me hard across the face, "Just wanna make sure I got your attention, little brother." Then he leaned down and started chewin' on my nipples.

Now if anythin' drives me crazy, that drives me crazy - always has, always will. I couldn't do nothin' at that point 'cause he had me so fucking crazy at both ends. I couldn't even think straight. Still I had enough presence of mind to know when I'm bein' railroaded into comin', so I figured I'd return the favor. Pullin' him by his hair off my pec, I grabbed him by the arms and pulled him tight, aimin' my mouth at his nips, bitin' and chewin' on those little points of flesh, all the while plugin' my dick up his ass, startin' to pick up some serious rythm in the back door department.

You could tell he was startin' to really get into this 'cause he starts moanin' n' then gaspin' for air real bad. His hand locks around his dick and he starts pumpin' away on it like if he don't shoot in the next three minutes, he'll fuckin' explode. He tore himself loose from my teeth and sat up, still ridin' my dick, his hand tearin' up and down his, while moanin and carryin' on. All his yellin' was gettin' me hotter as well, and I figured it was time to start really rammin' it home. Grabbin' him by the back of the head, I pulled him down close and then rolled myself up on top, hoistin' his legs over my shoulders, feelin' the heels of his workboots diggin' into my back as I plowed my dick into his butt, hard as I could. His hand never left his: he jacked it so hard and fast that his fingers were a fuckin' blur. With his other, he grabbed my chest hairs and started pullin' on them, then grabbin' my nipples and pinchin' them hard, drivin' me crazy

Hoistin' his legs over my shoulders, feelin' the heels of his workboots diggin' into my back as I plowed my dick into his butt, hard as I could.

all over again. I started doin' likewise, 'most near pullin' the damn hair outa his chest, squeezin' his nipples so hard his eyes clamped shut from the intensity of the feelin'.

I sat up a ways, then grabbed his ankles and pulled his legs apart givin' me a wider hole in which to start drivin' my dick in all that much deeper. Three or four strokes like that, n' it just 'bout sent him right over the edge: I couldn't even see his hand any more, it was movin' so fast as he jacked that dick o' his for all he was worth.

And then, with one helluva yell, he starts shootin' all over me, all over him, all over the damn garage floor, all the time screamin' and yellin' like crazy. And as he shot his load all over the goddam place, his ass muscles started buckin' n' twitchin', and that was enough to do it for me. With a big ol' yell o' my own, I rammed into him one last time before firin' hard and deep into his bowels.

For a long time we just stayed like that, yellin' n' moanin' n' shootin' all over the fuckin' garage. I managed t' plow it in a few more times, tryin' to make it last as long as possible before I finally collapsed on top of him, slowly easin' my dick outa his butt. He rolled me offa him, and for a few minutes we just lay there in the muck n' the sweat n' the heat both of us tryin' to catch our breath, heavin' like a coupla fish caught on a rock on a July day. Then I looked over at him and smiled. "So which one's Smith and which one's the other Smith now, big brother?"

He smiled back. "You get t' be first for now, little brother. Just don't let it get t' your head." Then he reached over and grabbed my dick, giving it one hell of a squeeze, almost enough to tear it off at the root. "I got a feelin' we'll be talkin' 'bout this again later on tonight.

I rolled up on one elbow and grabbed his, squeezin' just as hard, our eyes locked even as we lay there, smilin' big at each other.

"You can just bet we will, big brother, you can just bet we will." ●

FANTASY ONLY (nothing real except for archival photos of atrocities or execution and occasional factual essays.)

Stories written by and for college educated persons with active imaginations. If you are squeamish or cannot divorce fantasy from reality, please don't waste your time and ours. Our violent fantasies are for cathartic release of aggressive feelings and anger, such as those arising from frustration in dealing with clients or customers. If you have stories, essays, or drawings you would like to share, send them when you try us out. We ask all members of the Project to write stories about their own fantasies; this helps them become masters of their fantasy instead of slaves to it. No photos or drawings of persons under the age of 21. If you're looking for pix of kids, go to a psychiatrist before you get into trouble.

MALE SLAVES

SPRING BREAK

Newcomer Christopher Valens is as sensual as he is beautiful. He had the good fortune to run into Cougar Cash, a man who knows how to handle nervous first-timers. Cougar demands and receives everything this slave boy can deliver. Color vid. 1hr.

CAUGHT

IRON TITS

Butch and David set the standard for erotic bondage action. Being punished and tortured only makes Butch harder. David's big dick makes Butch insatiably hungry. David keeps the slave's dick taped off and requires him to service while tightly bound, titty clipped and gagged. Color vid. 1 hr.

PLUCKED

Steve Landess is not sure what he's getting into. Master Ken knows what he wants: Steve shaved smooth to service him. Plenty of serious rope bondage and domination await Steve as he is shaved down by stages. Color vid. 1 hr.

(KW:AM-PA-SEX SENTENCE)

(DO312/M)

(ON-LINE WIRE;W20;DO312;NBRX;)

(WB) Former Legionnaire given prison term

Oran-Algeria---A former French Foreign Legionnaire was sentenced Friday to up to 5 years in the Penal Brigade for coercing troopers into having sex with him while stationed at Sidi-bou-Said, a Legion outpost in northwestern Algeria.

Peter Von Battenberg, 43, was sentenced to five consecutive terms of 12 months in a military prison in Algiers on charges of official oppression (unjust or cruel exercise of authority of power).

Von Battenberg was in his seventh month as commander at Sidi-bou-Said when he was accused by a young recruit of making sexual advances, fondling and threatening him with punishments unless he engaged in sex acts with him. During the trial, recruit Steven Reeves, 26, American, stated under oath that after rejecting several of Von Battenberg's advances, he was accused and arrested for striking von Battenberg---an officer. Reeves spent 72 hours in the stockade where he was "severely disciplined" by Von Battenberg and his specially selected bullies.

Reeves testified that he was strung up by the ankles in the stockade and flogged on his bare flesh with whips made of toughened hide dipped in salt water. Reeves further stated that he was then bound to the gun carriage wheels where he remained fixed in one position for 8 hours. "The hot Sahara sun beat down on my torn and lacerated body and thousands of flies played havoc," Reeves said. At the Court-martial Reeves removed his shirt to reveal scars from the approximately 50 lashes he received while in Von Battenberg's hands. Additional troopers testified that they too had been harassed by Von Battenberg although none of the witnesses claimed to have been physically abused.

Von Battenberg was apprehended in May 1932. Later that year he pleaded guilty but mentally ill in a plea bargain that angered many fellow Legionnaires. Von Battenberg, who became infatuated with the young recruit soon after Reeves joined the company, has been at a military facility in Algiers for psychiatric and emotional evaluation.

Send a black and white photo (color is OK if the contrasts are sharp) with your name and address printed on the back, along with a statement that you are of legal age and you want to be published as a TC. You may give your address for publication, or we will assign you a TC Box number. In effect this is a free classified ad with your picture in it, so let us know what you want to say, too. We can't show penetration, and photos can not be returned. Mail to: Tough Customers, PO Box 410390, San Francisco, CA 94141-0390.

How to respond to a Tough Customer

If the TC you want to respond to has an address, respond directly to him at that address. If he has a box number, follow the instructions on page 47 of this magazine under "How To Reply To A Dear Sir Ad."

How to get a lot more Tough Customer pictures

We have published three special, all-TC magazines so far (with more to come.) You can order TC3 by sending \$6.95 + \$2.00 S/H to the address above. (TC1 and TC2 also available \$6.95 each, \$3.50 total S/H for all three) CA residents add 8.5% sales tax. Or call (415) 252-1195 with your credit card order.
